LiteracyPlanet usage: Nursery to Grade 5 (ages 4 to 10)

Helping students develop excellent English

“ I have tried the LiteracyPlanet resource with my children. It is truly amazing. ”

- Tamizh Ponni VP,
Resource Specialists Team Lead.

The motto of Oakridge International School is “Learning the treasure within”. They believe that every child is special in his/her own way and educators are tasked with guiding students to help them find their personal gift.

What is the overall approach to eLearning and digital resources?

The school strongly believes that technology is a wonderful tool that is intertwined with the curriculum they teach.

To foster academic excellence among young learners and to open windows to endless possibilities of connecting with the world, we require digital literacy and technology integration.

With this in mind, educators are always on the look out for excellent tools they can use in the classroom to allow their young learners to experience the technology they will find ‘normal’ in the workplaces of the future.

Why did you choose LiteracyPlanet?

We are always on the look-out for effective tools to equip our learners with literacy skills and to assess them in varied and interesting ways.

When we were assessing LiteracyPlanet, we found that it was easily adaptable to support and cater for learners with different learning

styles and to bring in differentiation.

LiteracyPlanet was able to effectively deliver on all the outcomes we look for in digital tools and also keep the students engaged and interested in completing their work.

How do you think LiteracyPlanet improves literacy learning outcomes of your students?

The variety of exercises, interesting interactive modules for each and immediate feedback give kids a clear idea on where they stand and where improvement in performance is needed.

Teachers use LiteracyPlanet for home assignments and their favorite part in the tool is that it can be accessed from anywhere by the students and is device independent.

"The overall look and feel of the website is very impressive, the learners have a fun learning experience."

- Smitha, Early years teacher.

"It is a wonderful resource. I like its content. Kids can choose to listen or read to complete the follow-up exercises. LiteracyPlanet caters to so many needs such as listening comprehension, dictionary skills, usage and that too in a very fun way."

- Rishma, Grade 3 Teacher

"It's really nice and useful. The website is very attractive along with fun-filled activities. Learners enjoy interacting with LiteracyPlanet."

-Ms Indrani, Grade II Teacher

“ The stories are short and interesting. The pictures are bright, and children find it amazing when the page turns to the next one. ”

- Sai Madhuri, Grade 1 Teacher
